

## Important groups and resources

This is the First issue of Humboldt grassroots!

If you didn't already know we are putting out this paper as a group of volunteers to spread news concerning working people (everyone who isn't a boss) and the Anarchist revolution. This means that this paper discusses issues from a perspective that holds that we need to create free egalitarian alternatives to capitalism and the state here and now to one day remove cultural and institutional obstacles to the fullest possible freedom.

We promise we will try our best to print all substantive articles and editorials with the space and money provided. We also promise to print only what we believe to be true, though of course we could be wrong on some facts, correct us. We will not intentionally obscure facts to persuade or otherwise deceive people; we believe telling the truth in itself is a revolutionary act.

Use this new resource let people know about your story! What's your experience at work? Did something funny happen the other day? If it is something nobody else will print or discuss we're here for you. Some work related articles we receive that can't be printed in full will be used for a workers report column down the road if people are into it. Hopefully this is the first issue of many so please read, contribute, tell us what you think.

Humboldt grassroots Editors

## Coffee Opp

by kevin and other coffee opp volunteers

Due to the shooting of a homeless person by some high schools kids which happened in the fall of 2006 some Eureka kids came together to create a space of their own to do something productive. In terms of trying to figure out something positive they came up with this idea called The Coffee Opp. The Coffee Opp is way for kids to actually not just have a place but give them an opportunity to have a say in their society. The coffee opp will allow the youth in Humboldt county the opportunity to learn different skills such as, expressing themselves and display art. It also has a lending library of uncommon books.

The Coffee opp takes place every Tuesday from 4 to 10 p.m. It is located at The Ink People. Right now we are trying to find money also we are trying to find a way to be more involved with the community. We are also in the stage of trying to figure out what skills we can provide that will help people get by. For instance we have workshops where kids can learn skills they could use

The Coffee opp will provide a sense of cooperation where the youth can experience the rewards of responsibility, self-management in a supportive community.
